

# UTS.RUSSIA - YOUR CLOSE AQUAINTANCE WITH RUSSIA

# WHAT IS OUR STORY?

When you ask people around the world what they think about Russia, the answers are quite predictable. Some call it the world's cultural treasury. Some mention the beauty of its nature and unfathomable spaces. Some remember the "mysterious Russian soul". And some think that it's a wild country that you should stay away from. All of those are just stereotypes. If someone uses it they either never went to Russia or didn't try to look closer and have their own opinion.

We are among the few who can change that. Because when we compose the schedule for another trip we draw an image of our country that will stay in people's hearts forever. That's why we look for the most unusual, non-trivial and at the same time – the most incredible and impressive sides of our country to show to people. When they return home they should feel that they discovered Russia in a very special way and that their experience was deeply personal.

# IS OUR JOB OUR ONLY PASSION?

**THE CORPORATE LIFE AT UTS.RUSSIA IS ALWAYS FULL OF VIVID AND MEMORABLE EVENTS!**

Social responsibility is an integral part of the UTS Group corporate life because we realize our contribution to social development and appreciate the world around us. Our corporate social responsibility projects are focused on such areas as education, culture, healthcare and support of social communities and children's organizations.

# HOW UTS.RUSSIA GROWS LEADERS

## LMI TRAINING SYSTEM

We care about training our employees for improving their skills and qualifications, and about providing the new staff with opportunities for professional growth and stable social development.

LMI programmes, tools and techniques help us to enhance the talents and abilities of our team as well as to improve the business performance and increase corporate profit.

# ...AND DEVELOPS TALENTS?

The UTS Group CEO Alexey Krylov once became fascinated with participating in theatrical productions. As an acknowledged team leader, he managed to involve the staff into this process, having “infected” all the employees with his passion for theatre. Now the UTS Theatre is 12 years old, and the tradition of annual performances continues.

# WHAT IS LOVE... TO OUR PLANET?

## ENVIRONMENTAL CARE

Our employees take care of the environment by observing simple rules in the daily life of the office. Last year, we also took part in planting trees in the city of Ulyanovsk together with guests from China.

## SUPPORTING CHILDREN

All of our employees get vigorously involved in charity projects to support children's foundations and organizations. In addition to this, since 2011 UTS Group regularly holds fundraising events for well-known charity funds «Podari Zhizn» and «Bezrazlichiya.Net».
